INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Jacobs & Cushman San Diego Food Bank

We have audited the accompanying consolidated financial statements of Jacobs & Cushman San Diego Food Bank, a nonprofit organization, and subsidiary which comprise the consolidated statements of financial position as of June 30, 2017 and 2016, and the related consolidated statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

NOTE 1 THE ORGANIZATION

Jacobs & Cushman San Diego Food Bank (the "Organization"), incorporated under the laws of the State of California, operates as a nonprofit public-benefit organization that provides food to people in need, advocates for the hungry, connects the population it serves to a range of health and human service providers, and educates the public about hunger in San Diego County. The Organization operates as a central repository and distribution point for USDA commodities and donated food. Through its own direct distributions and through a network of over 400 nonprofit hunger relief organizations, Jacobs & Cushman San Diego Food Bank distributes approximately 26 million pounds of food annually to people in need throughout San Diego County. In November 2011, the Organization transferred the building to The Jacobs & Cushman San Diego Food Bank.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying consolidated financial statements are prepared using the accrual method of accounting in conformity with generally accepted accounting principles.

Consolidations - The accompanying consolidated financial statements include the accounts of Jacobs & Cushman San Diego Food Bank and its 100% owned subsidiary, The Jacobs & Cushman San Diego Food Bank Building, LLC. All significant intercompany transactions and accounts have been eliminated.

Estimates - The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from these estimates.

Basis of Presentation - Under accounting standards on Financial Statements of Not-for-profit Organizations, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

Unrestricted Net Assets - Unrestricted amounts consist of assets which are fully available, at the discretion of management and the Board of Directors, for the Organization to utilize in any of its programs or supporting services.

Temporarily Restricted Net Assets - Temporarily restricted amounts are those which are restricted by donors for specific operating purposes and are not currently available for use in the Organization's operations until commitments regarding their use have been fulfilled.

Page 11

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Permanently Restricted Net Assets - Permanently restricted amounts are those which are restricted by donors that neither expire by the passage of time nor can be fulfilled or removed by actions of the Organization. At June 30, 2017 and 2016, there were no permanently restricted net assets.

Cash - The Organization considers financial instruments with a fixed maturity date of less than three months to be cash equivalents. The Organization maintains several bank accounts with Wells Fargo, which at times may exceed the federally insured deposit limits. The Organization has not experienced any losses in such accounts and management believes it is not exposed to any significant risk on cash.

Contributions Receivable - Contributions receivable consist of donor promises to give. It is the Organization's policy to charge off uncollectible contributions receivable when management determines the receivable will not be collected. All contributions receivable are short-term and therefore, no present value discounting was recorded. All contributions receivable are considered collectible as of June 30, 2017 and 2016.

Inventory - Inventory consists of food products received through government programs sponsored by the USDA (Emergency Food Assistance Program and Commodity Supplemental Food Program), purchased and donated food products. The Organization records contributed food received from the USDA based on actual food product prices provided by the corresponding USDA program. During the years ended June 30, 2017 and 2016, the USDA Emergency Food Assistance Program food product prices averaged \$0.67 and \$0.58 per pound, respectively, and USDA Commodity Supplemental Food Program food product prices averaged \$0.64 and \$0.66 per pound, respectively. All other contributed food items are valued using an average cost based on the industry standard of \$1.66 per pound for the years ended June 30, 2017 and 2016.

Property and Equipment - Property and equipment are carried at cost, or if donated, at fair value. The Organization capitalizes nonroutine improvements over \$5,000. Depreciation is computed using the straight-line method of depreciation over the assets estimated useful lives of five to thirtynine years. Maintenance and repairs are charged to the expense as incurred; major renewals and betterments are capitalized. When items of property and equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts, and any gain or loss is included in income.

Investments - Investments in marketable securities with readily determinable fair values are valued at their fair values in the statements of financial position. Unrealized gains and losses are included in the change in net assets.

Page 12

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - The Organization follows accounting standards which define fair value, establish a framework for measuring fair value and expand disclosures about fair value measurements for all financial assets and liabilities.

Revenue Recognition - Revenue is recognized when earned, which may be when cash is received, unconditional promises made, ownership of other assets transferred, or services rendered. Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of the donated amounts. Revenues from reimbursable expenses are recognized when all requirements are met and the Organization is entitled to the revenue. Shared maintenance fees represent amounts charged to agencies for food from the marketplace for a nominal per pound fee.

Concentrations - In the current period, a significant amount of food receipts and grants were provided by government contracts. It is always considered reasonably possible that benefactors, grantors or contributors might be lost in the near term.

Functional Expenses - The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on management estimates.

Income Taxes - The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and did not conduct unrelated business activities. Therefore no provision has been made for federal income taxes in the accompanying consolidated financial statements.

The Organization follows accounting standards which clarify the accounting for uncertainty in income taxes recognized in the consolidated financial statements and prescribes a recognition threshold and measurement attribute for the consolidated financial statements and recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or expected to be taken in a tax return. As of June 30, 2017 and 2016, the Organization has not accrued interest or penalties related to uncertain tax positions. The Organization files tax returns in the U.S. Federal jurisdiction and the State of California.

Page 13

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassifications - Certain reclassifications have been made to the 2016 financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE 3 ACCOUNTS RECEIVABLE

Accounts receivable consists of the following:

	 2017	 2016
Government Contracts Receivable	\$ 349,647	\$ 140,488
Marketplace Food Purchases	20,039	13,998
Other Receivables	 1,683	 5,751
	\$ 371,369	\$ 160,237

Management assesses the collectability of all accounts receivable at the close of each period and records an allowance for doubtful accounts based on specific identification. Management has determined all receivables were collectible at June 30, 2017 and 2016.

Government contracts receivable relates to reimbursements under government programs that have not been received from the respective government agency. It represents the amount due through the years ended June 30, 2017 and 2016, respectively.

Depreciation expense was \$799,664 and \$721,363 for the years ended June 30, 2017 and 2016, respectively.

At June 30, 2016, the construction in progress related to construction contracts to renovate their facilities totaling approximately \$750,000. This was funded mostly by CDBG grants. These were completed in April 2017.

NOTE 6 INVESTMENTS

The Organization invests funds in a professionally managed portfolio that may include various types of fixed income investments. Some of these investmets are exposed to various risks, such as fluctuations in market value, interest rate, or credit risk. Therefore, the Organization's investments may be subject to significant fluctuations in fair value. As a result, the investment balances reporte in the accompanying financial statements may not be reflective of the portfolio's value during subsequent periods.

Investments recorded at cost included certificates of deposit. Investments carried at cost are not required to be classified in one of the levels prescribed by the fair value hierarchy.

Unrealized Gain/(Loss)	\$ 15,253	\$ (8,313)

NOTE 7 FAIR VALUE MEASUREMENT

The Organization follows the method of fair value to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below.

Page 16

NOTE 7 FAIR VALUE MEASUREMENT (Continued)

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Organization utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets and liabilities carried at fair value at June 30, 2017 are classified below in one of three categories described above. The table below presents the balances of assets measured at fair value on a recurring basis.
